

Genesis[®]

WRG is leading the industry in cost effective, quality ATMs and the Genesis[®] ATM is no exception. Designed for indoor use the Genesis ATM offers the value and reliability you can expect from WRG. The Genesis ATM includes the WRG CPU, a PCI and Interac approved PIN Entry Device that is 3DES compliant.

Best of all the modular design of the Genesis ATM makes maintenance easy, saving you time and money. The Genesis ATM comes standard with a UL291 business-hours rated safe, illuminated top sign and multilingual support. Optional features to make the most of your investment include electronic locks, upgraded dispensers and wireless connectivity.
